

HONDA

The Power of Dreams

Full Factory

The Honda Off Road Experience

Do you want to be a works rider for the day? All the tools are here. Honda's CRF100, CRF250X and awesome CRF450 'crossers. Each one maintained by factory personnel. And then there's the kit.

Alpinestars' finest, so you look and feel the part. Does it get any better than this? Yes it does. You'll also have the most bikes at your disposal of any off-road schools in the UK as well as expert tuition to ensure you have a day never to forget. We run days starting at 10am across the North, the Midlands and the South, so there's no need for overnight stops. And you don't even need to have a licence – as long as you've had experience in handling a geared motorcycle. So what are you waiting for?

Become a works rider now by ringing 0871 2003250
